

Job Description

Job Title : Homeopathic Doctor

Job Location : Patiala

Position Reports : Dean of Student Affairs

Main Purpose

A homeopathic doctor is responsible for diagnosing and treating patients using homeopathic principles and remedies. This involves conducting thorough consultations, analyzing patient symptoms, and prescribing homeopathic treatments to stimulate the body's natural healing abilities.

Qualification	BHMS and BEMS courses in Homeopathy
Experience	5-8 years of experience
Competency	<ul style="list-style-type: none">• Empathy and a compassionate approach to patient care.• Analytical and critical thinking skills for accurate diagnosis.• Strong observation skills to identify subtle changes in patients.• Open-mindedness and a holistic perspective on health and wellness.• Commitment to continuous learning and professional development.

Specific Accountability & Job Responsibility

- Conduct comprehensive interviews with patients to gather information about their medical history, lifestyle, and current symptoms.
- Use effective communication skills to build a strong doctor-patient relationship and gain insights into the patient's overall well-being.
- Apply homeopathic principles to analyze symptoms & identify the underlying causes of illness or imbalance.
- Develop a holistic understanding of the patient's physical, mental, and emotional state.
- Prescribe homeopathic remedies based on the individualized assessment of each patient.
- Create treatment plans that consider the unique constitution and sensitivities of the patient.
- Monitor patients' progress through regular follow-up consultations.
- Adjust treatment plans as needed and provide ongoing support and guidance.
- Educate patients about homeopathy, its principles, and the expected outcomes of treatment.
- Offer lifestyle and dietary advice to complement homeopathic interventions.
- Maintain accurate & detailed records of patient consultations, treatments prescribed, and progress notes.
- Stay updated on advancements in homeopathic medicine and related fields.
- Participate in continuous education and training to enhance skills and knowledge.
- Collaborate with other healthcare professionals when necessary, & refer patients to specialists as appropriate.

Compensation

- Compensation will not be a constraining factor and will be the best in the sector.
- Interested candidates can send CVs by email (amandeep.dhot@thapar.edu) positively by **27th Jan 2024**
