SOME GENERAL COMMENTS

i feel the activities were great but i hope every one gets a chance
The program as a whole was neatly organized. The seniors were very
i fell the orientation program was great!!!!!!!
Orientation program was best organised.
The schedule was very much hectic, as there were many activities going on consecutively so there was no time to rest. I think that the time required to go to the Auditorium from Hostel-C was not considered. This can be improved by extending the days of the whole process. But all over the one with energy and enthusiasm has enjoyed a lot.
It is a ragging by seniors in different way.....haha
Impressive to great extent

Overall I liked evrything about the PROEM week 2012 specially the Scavenger Hunt and Movie Showcases. Thank You Thapar Institute of Engineering & Technology University for such a warm welcome! :)
the program could be better organised and the timings could have been looked after.
the seniors are quite co-operative . apart from development in one's academic performance,there is a great chance of nourishing other talents and having an over-all development in personality.
Fantabuls.....!! Enjoyed a lot...learned a lot...exxled a lot....!! A excellent supporting team.....!! Thanx for this.....!!

Well Enough to enable us interact with our seniors.I guess there was a Thapar Institute of Engineering & Technology University kind of vibe all around.It could have been more successful if there was no attendance to prevent strict kind of feeling.

timings of yoga and sports activities were not appropriate for day scholars.moreover the timings for movie and lunch time were not appropriate.

it was good to interact with teachers and senior.this program also helped a lot to know about Thapar Institute of Engineering & Technology University in just five day.thank u

i ve actually never had this kind of thing ever which encourages u so much to participate in various kinds of activities that are really so much important to actually develop ourselves and groom ourselves in becoming a better individual in terms of givin the right attitude that helps to achieve success.....i personally would like to thank all my seniors who were so much helping and cordial in their behaviour on few of the very first days at thapar and also so hardworking in organizing so many things for us this week.

the orientation was good but a little more lectures on personality and speaking skills in group could have been organised as it helps in the long run

IT IS A GOOD WAY OF GETTING INTRODUCED AND KNOWING THE UNIVERSITY. IT HAS ALSO OPENED UP OUR MIND ABOUT THE CHALLENGES COMING FORTH IN THE FUTURE.
